

BEGINNING- AND END-OF-COURSE CHECKLISTS

These checklists are created by the Training Services Department at Instructure. They are based on the collective experiences of the team members in education and their deep knowledge of Canvas. The Beginning-of-Course Checklist is a starting point for ensuring your course is ready to go for student access at the start of a new course term. The End-of-Course Checklist is helpful to review when you are nearing the end of your course term.

How To Use

A ★ is an **Essential** practice and a ★★ rating indicates a **Best Practice** criteria. Features that may or may not be utilized at the Institution will also be listed as **If Applicable**. Relevant help guides are linked throughout the text.

We know each institution has unique requirements for their courses, so we hope this document will serve as a great resource or starting point. *We'd love to hear how you're using this checklist. Please leave comments in the [Canvas Community - Beginning- and End-of-Course Checklist Post](#)*
